HOW SHIFT HAPPENS

The Naked Truth About Transforming Your Life

"Just do it." "Change your thoughts, change your life." "Fake it till you make it."

You've probably heard these, and countless others like them. You may have even said them to yourself.

And yet...it's easier said than done, right?

In this no BS talk, Wendy Perrotti unpacks the mystery of why people get stuck (spoiler alert: it's more science than mystery) and delivers her simple step-by-step process for getting unstuck and creating the ongoing growth that will transform your life.

She is the Founder of LIVE BIG, a human potential coaching company specializing in women who are ready to transform their lives, careers, and businesses, as well as the Co-Founder of The Energy Initiative, a neuroscience based executive coaching and leadership development firm.

She is the author of the forthcoming book, Reclaiming Muchness™ How You Can Tap In To a Life of Love, Connection & Purpose
